Haidea | 8-spoke wheel

INCENIO light-alloy wheel
Finish: sterling silver
Wheel: 8.5 J x 17 ET 48 | Tyre: 245/45 R17 XL
A212 401 1802

On all light-alloy wheels, use wheel bolt B6 647 0159 and the corresponding rim lock B6 647 0155.

Light-alloy wheels are supplied without tyres, wheel bolts or hub caps

Extra. Class

Pure Mercedes. In every respect. The new E-Class perfectly encapsulates the qualities of the Mercedes-Benz brand: state-of-the-art design at its most elegant.

This brochure offers a range of ways to interpret the unmistakable character of the new E-Class in your own individual style.

incenio light-alloy wheels, for example, offer a simple way to add a personal touch.

Ask yourself – why does elegance start with an “E”?

Sinnif | 5-spoke wheel

5-twin-spoke wheel

Finish: titanium silver, high-sheen

Wheel: 8 J x 16 ET 46 | Tyre: 225/55 R16
A212 401 0202; not in conjunction with 4MATIC

Wheel: 8.5 J x 17 ET 48 | Tyre: 245/45 R17 XL
A212 401 0402

Mud flaps

Protect the underbody and the sides of the car from loose chippings and dirt. For front and rear axles. Can be painted in body colour by dealer

Snow chain systems

The RUD-matic snow chain has a user-friendly design and can be fitted and removed quickly. With extra-reinforced chain links for the toughest conditions and excellent traction on snow and ice, it is a reliable companion on wintry roads. Your Mercedes-Benz partner will be happy to advise you on this and other snow chain systems

TELEMATICS

InCar Hotspot
Multimedia
Navigation
Telephony

E major. E minor. Easy listening

Musical preferences have always been a matter of personal taste. And nowadays you can listen to your favourite tracks in a whole range of formats too: radio, CD or iPod – in your Mercedes-Benz you're at home on any musical platform. Relax and enjoy as our effective navigation systems help you find the best way home. Or do you already feel at home?

Mercedes-Benz InCar Hotspot

Introduces the internet to your E-Class. All you need is a WLAN-enabled device (laptop, mobile phone, MP3 player).

The system provides a quick, stable connection to data networks such as HSDPA/UMTS or GSM/GPRS/EDGE via your car's roof aerial. Up to four devices can be connected at the same time

| system requirements: E-Class, W212, with Convenience Telephony (Code 386); WLAN-enabled device with WLAN IEEE 802.11 b/g interface |

Mercedes-Benz iPod® Interface Kit[1]

It's easy to control your iPod via the multifunction steering wheel: scroll through the menus [**A**], adjust the playback and volume [**B**] and display the title of your choice in the instrument cluster [**C**]. The iPod is connected and charged in the glove compartment, where it is hidden from prying eyes. No factory-fitted optional extra required

Mercedes-Benz iPod® Interface Kit, Video[2]

As with the iPod Interface Kit, controlling your iPod or iPhone is straightforward. The video appears in the COMAND display (when vehicle is stationary only). Only in conjunction with COMAND (Code 527 or Code 512)

[1] *Does not support your iPhone's phone function. Please contact your Mercedes-Benz partner for details of other function restrictions*

[2] *The Mercedes-Benz Interface Kit allows you to listen to the music or watch the videos saved on your iPhone. It does not support the phone function*

A range of multimedia connections, 2 sets of infrared headphones and a remote control – the Rear Seat Entertainment System offers everything you need for in-car entertainment

Rear Seat Entertainment System

This high-performance DVD system allows the rear passengers to watch DVDs, look at their favourite pictures and even play video games on two superb 7" LCD colour screens, without disturbing the driver or restricting the rear field of vision. The system's separate DVD players mean that rear-seat passengers have the option of watching a different video source on each screen, allowing each to select their own individual entertainment. The USB and SD card interfaces allow other storage media to be used too. The system is designed to be retrofitted in your E-Class – no factory-fitted pre-installation required

Media Interface video cable[1]

Transforms your Mercedes-Benz into a cinema: the Media Interface video cable allows you to watch videos on the monitor of your COMAND APS – while the vehicle is stationary. Various video sources (e.g. camcorder, iPod video, iPhone, video player, etc.) can also be connected to the Media Interface via the AUX connection

| only in conjunction with Media Interface, Code 518 |

TELEMATICS

Audio 20 CD with 6-CD changer

Double-tuner radio with 5" colour display. Bluetooth interface with hands-free function and MP3-compatible CD changer. Can be operated via the multifunction steering wheel

Navigation 20

Navigation 20 transforms your Audio 20 CD radio into a powerful, easy-to-use navigation system: fully integrated into your E-Class's control system and with cutting-edge graphic depictions such as *Reality View Pro*, which generates realistic simulations of road signs on motorways. Other features: *Lane Assistant Pro*, destination input via map and traffic information for Europe, including *Country Info*, your source of information regarding statutory regulations abroad.

With Navigation 20 you can also connect a music player of your choice to the Audio 20 CD. Or even stream music wirelessly from your mobile via Bluetooth. Ask your Mercedes-Benz partner for details of which music players and mobiles can be used with Navigation 20

Audio 50 APS with 6-DVD changer

Navigation system and car hi-fi combined in one unit which can be operated via the multifunction steering wheel. Dynamic route guidance via RDS/TMC. 2D map navigation on 5" colour display. Bluetooth connectivity for automatic transfer of contacts, with hands-free function as standard. Double-tuner radio with 4-channel amplifier for outstanding sound. DVD changer controls. Also available without DVD changer as an option

SD memory card

The COMAND APS in your E-Class features a slot for SD memory cards. Use the SD memory card as a convenient way to play music

PCMCIA multi-card reader[1]

Listen to your music in comfort while you're out and about using your COMAND system's PCMCIA adapter slot. The plug & play system means your memory card is instantly recognised. MP3, WMA and AAC files are supported. A separate memory card is required for the PCMCIA multi-card reader

[1] *Only in conjunction with COMAND APS, Code 527 or 512. The following memory cards are supported: SD, MMC, HS-MMC, DV-RS-MMC, MS, MS-Pro, HS-MS-MG-Pro, HS-MS-Pro, MS-Select, MS-Duo, MS-Pro Duo, X-card*

COMAND APS with 6-DVD changer

The new COMAND APS now offers even more convenience and freedom when you're on the move: your route is navigated with impressive speed, thanks to the integral hard drive. Up to 6 GB of memory offers virtually unlimited space for your favourite music. COMAND APS also plays back music from DVDs, CDs, and from SD memory cards. And the optional Media Interface (see page 19) also allows you to connect your portable music player.

Other features: Bluetooth® connectivity, 7" colour display, dynamic route guidance (RDS/TMC), double-tuner radio with 4-channel amplifier for outstanding sound, and DVD changer controls. Also available without DVD changer as an option

Europe navigation DVDs for Audio 50 APS

Europe navigation DVD for COMAND APS

Rediscover navigation. *In recent years integral navigation has made journeys more relaxed, less time-consuming and, above all, safer. If you want to continue to enjoy these advantages to the full, we recommend that you regularly replace the navigation DVD in your navigation system with the latest version. Ensuring that the data you're using matches the roads you're travelling on. And that the only surprises you encounter during your journey are of a pleasant nature*

TELEMATICS

Mobile-phone holders[1]

When it comes to selecting a mobile for your Mercedes-Benz, you've never had so much choice. One "click" is all it takes to replace the system's "intelligent" mobile-phone holder. It takes a matter of seconds and is as straightforward as inserting the mobile into the holder itself.

Changing your mobile and even alternating between different models of mobile no longer presents a problem. There are no compromises when it comes to convenience-enhancing telephone technology either: the phone can be operated via the multifunction steering wheel, and the phone status and call information are displayed in the central multifunction display – as you would expect. Your phone's battery is also charged and connection to the car's external aerial makes for improved reception.

To use a mobile-phone holder, your car must be factory-fitted with optional extra **Code 386, Convenience Telephony**

Holders are available for various current models of mobile phone:

1 | Nokia (3109, 3110, 6230, 6230i, 6300, 6500 Classic)
2 | Sony Ericsson (K800i, K810i, W880i)
3 | Apple (iPhone, iPhone 3G, iPhone 3GS)
4 | BlackBerry (8300, 8310, 8320)

[1] *6-cylinder and 8-cylinder models (automatic transmission) feature a standard clip-on adapter for mobile-phone holders. This convenient feature allows you to use existing holders which are approved for the E-Class*

To find out more about the mobile-phone holders and functions available for your mobile, go to www.mercedes-benz.com/connect, or contact your Mercedes-Benz partner

Mercedes-Benz Bluetooth® telephone module

The telephone module is designed to extend the mobile communication system in your Mercedes-Benz. Just connect it to your Convenience Telephony system (Code 386) in the centre armrest, and start using your mobile via the on-board hands-free system. You can leave your mobile phone in your jacket pocket.

- Access to contact details saved on SIM card
- Optimum reception quality as a result of using vehicle's external aerial
- Read and receive text messages
- The closed box features an integral USB port which can be used to charge the mobile phone

Two versions of the Mercedes-Benz Bluetooth SAP[2] telephone module are available: one in the form of a closed box [**A**] and the other with a corded handset [not pictured]. Both versions feature a SIM card reader. With the closed box version an integral USB connector allows you to charge your mobile. Contact your Mercedes-Benz partner for details of the handset's compatibility

[2] *SAP (SIM Access Profile) allows the module to read your mobile phone's SIM card*

INTERIOR

Cup holder for the centre console[1]

black | Insert for the centre console. Holds up to two drink containers within easy reach. The insert simply slots into the standard stowage compartment in the centre console

[1] *Not in conjunction with 7G-TRONIC automatic transmission with DIRECT SELECT*

Wood/leather steering wheel

ash | black

The wood/leather steering wheels are also available in other colours to match the interior

Please contact your Mercedes-Benz dealer for details of compatibility with your car

Executive. Class

Opt for illuminated door sill panels, and every time you open the door to get into your E-Class, you can savour that little reminder that your car is a Mercedes-Benz. And as the door closes with a satisfying “clunk”, enjoy the feel of the smooth wood/leather steering wheel in your hands.

The interior of your E-Class can be designed to suit young-at-heart drivers or equipped to cope with very young passengers.

What are you waiting for?

Pedal covers in stainless steel

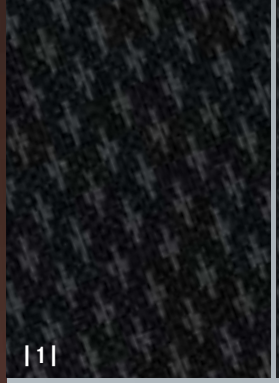
Pedal covers in ground stainless steel with non-slip stud panel. Available for automatic and manual models

Cup holder
Door sill panels
Pedal covers
Wood/leather steering wheel

INTERIOR

Illuminated door sill panels

The blue illuminated Mercedes-Benz lettering is activated every time you open the door to get in or out. These illuminated door sill panels, in ground stainless steel, are a further “highlight” of the E-Class



|1|

|2|

Seat covers

Easy-care polyester fabric. For the front seats, head restraints and the rear bench seat. Available in the following designs:

1 | “Derby”, black
2 | “Dover”, black

Back cushion

Ergonomic, individually adjustable cushion, designed to support the back on long journeys. Available in anthracite

Coat hanger

Robust coat hanger made from chromed metal. Easy to fit to the front head restraints. The ideal way to transport items of clothing without creasing them

Back cushion
Cleanbag
Coat hanger
Floor mats
Seat covers
Vario bag

CLASSIC velour floor mats,
CLASSIC rep floor mats,
CLASSIC all-season floor mats

Durable, hardwearing materials. Available in various colours to match the interior. Can be clip-fastened to the floor of the vehicle to prevent slipping

Cleanbag

The ideal way to keep the interior clean when you're on the move: the "Cleanbag" is simply attached to the net in the front passenger footwell or to the ruffled pockets on the back of the front seats

Vario bag

Plenty of extra space for the really important things in life. Available in three designs: "DaimlerSquare" fabric (pictured), "Angel & Driver" fabric and Alcantara, java fabric

Mercedes-Benz child seats are available with automatic child seat recognition as an option. If your car also has automatic child seat recognition, the technology automatically deactivates the front passenger airbag when a child seat with automatic child seat recognition is installed on the front passenger seat. All child seats are also suitable for use in vehicles without ISOFIX attachment points.

Additional interior mirror

Designed to help you keep an eye on what's going on in the rear of the car. This practical product, made from shatterproof safety glass, is simple to snap into place

"KidFix" child seat

Booster seat for optimum side-impact protection, with height-adjustable backrest. The "KidFix" seat can be attached using the 3-point seat belt and ISOFIX attachment points. Available with automatic child seat recognition as an option. For children between the ages of around 3.5 and 12 (15 to 36 kg). Removable, washable "DaimlerSquare" cover

Lateral support headrest for integral child seat

Supports your child's head and shoulders and enhances comfort, particularly for sleeping child. Ensures optimum seat belt routing in conjunction with the integral child seat. For children aged between around 2 and 12 (12.5 to 36 kg). Cannot be used in conjunction with cover for integral child seat

"DUO plus" child seat

Optimum safety for children between the ages of around 8 months and 4 years (9 to 18 kg). Fitted as standard with top tether, an additional belt for securing the head section, a height-adjustable shoulder belt and ventilation channels. With ISOFIX attachment points. Adjustable tilt. Available with automatic child seat recognition as an option. Removable, washable "DaimlerSquare" cover

"BABY-SAFE plus" child seat

Deep, moulded seat design offers extra side-impact protection for optimum safety. Special padding, designed to protect particularly vulnerable body areas of children up to around 15 months (up to 13 kg). Removable, washable "DaimlerSquare" cover. With automatic child seat recognition as standard

Cover for integral child seat

Hardwearing, easy-care material. The side bolsters offer additional support and turn the integral child seat [**A**] into a fully-fledged child seat [**B**] for children up to the age of around 12 (up to 36 kg)

Padded play table for integral child seat

Protects the child's abdomen when using the integral child seat. For children between the ages of around 2 and 4 (12.5 to 18 kg)

INTERIOR

1 Alustyle basic carrier bars | p 34 | **2** Ski and snowboard rack “Standard” | p 35 |

Boot/load compartment accessories

Carrier systems

CARGO & CARE

Alustyle basic carrier bars | for Saloon |
Alustyle “easy-fix” basic carrier bars | for Estate |

The Alustyle system opens up a wealth of flexible options when it comes to transporting sports equipment and luggage. Simply combine the Alustyle basic carrier bars with a variety of different roof-mounted carriers which you can see here and on the following pages. The basic carrier bars are precisely tailored to the body of your E-Class, ensuring the highest degree of safety and optimum aerodynamics

Transport and stowage bag

Robust bag, made from a high-quality nylon fabric. Protects the basic carrier bars and makes it easier to transport them

Energy. Packages

The E-Class takes you to your destination in superlative style. And if you want to change your mode of transport when you get there, no problem: whether snowboard, skis or bikes, in this section you'll find the answer to virtually any transport dilemma.

New Alustyle ski and snowboard rack "Comfort"

For up to 6 pairs of skis or 4 snowboards. Lockable. Practical pull-out function makes loading and unloading easier | pictured left and above |

New Alustyle ski and snowboard rack "Standard"

For up to 4 pairs of skis or 2 snowboards. Lockable | pictured left and on page 32 |

Basic carrier bars
"easy-fix" basic carrier bars
Ski and snowboard rack
Transport bag

Rear-mounted bicycle rack for trailer coupling

The rear-mounted bicycle rack is easy to attach to the trailer coupling. A simple fold-down mechanism (see below) means that the boot/load compartment can still be opened. Basic version for two cycles. Lockable.

Extension kit for rear-mounted bicycle rack

Allows you to add a third cycle | not pictured |

Trailer coupling

Fold-away trailer coupling with ball head, control in boot/load compartment. Drawbar load of 88 kg

Adapter

For trailer with 7-pin plug

Mercedes-Benz Bikes

These sporty and elegant bikes, with their exclusive Mercedes-Benz design, are suitable for everyday all-round use and for touring. For more detailed information, please see our “Mercedes-Benz Bikes” brochure

Coil lock

Designed to prevent theft. Available as an option for the New Alustyle bicycle rack

The laden rear-mounted bicycle rack can be pivoted downwards, allowing the boot/load compartment to be opened. When the rack is unladen, simply fold down the vertical retaining bar to access the boot/load compartment. This function also allows space-saving stowage of the rack when removed

New Alustyle bicycle rack

Depending on the maximum roof load, up to four bicycle racks can be fitted per pair of basic carrier bars. Each bicycle rack can hold one bicycle with a max. frame diameter of 98 mm (circular frame tubes) or 110 x 70 mm (oval frame tubes). The support frame folds down when not in use, reducing drag when travelling without cycles. Cycles can either be attached to the rack once it has been fitted to the roof or before it is fitted | also pictured left |

The convenient design of the Mercedes-Benz bicycle rack allows the cycle to be attached at ground level. The cycle is simply mounted on the rail alongside the vehicle and both are then fitted to the basic carrier bars

CARGO & CARE

Deep boot tub

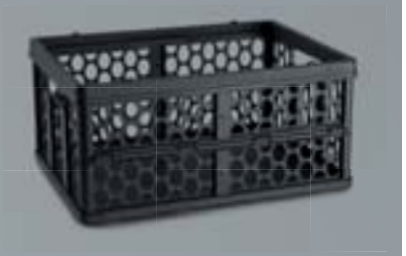
The hygienic way to transport items in the load compartment. Suitable for transporting foodstuffs

Shallow boot tub

Simple to clean. Non-slip thanks to PP-Flex material. Suitable for transporting foodstuffs | pictured left and below |

Concertina load sill protector

Protects bumper and load sill from scratches | can be connected to shallow boot tub and reversible mat, available for Estate, pictured left |



Boot tubs
Concertina load sill protector
Divider/partition
EASY-PACK boot box
Luggage nets
Shopping crate
Stowage crate
Tie-down strap

Luggage nets

Available for the floor of the boot/load compartment, the rear bench seat and the load sill. Prevent lightweight objects from sliding around during your journey. All nets are in pocket format

Divider/partition

black | Three interconnecting steel mesh sections used to divide the load compartment and to shield the passenger compartment | available for Estate |

Shopping crate

anthracite | Collapsible

EASY-PACK boot box

A practical option for storing objects in the boot. The rail system means that when it is not in use, it can be slid beneath the parcel shelf to save space | available for Saloon |

Tie-down strap

Even heavy objects can be secured in place easily using this strap

Stowage crate

Can be divided into four sections using the adjustable partitioning elements. Ideal for transporting items you don't want to tip over or slide around. Full functionality only in conjunction with the shallow boot tub | pictured left |

CARGO & CARE

Charger with trickle charge function

With its cutting-edge technology, the Mercedes-Benz charger ensures the longest possible battery life. Available in a 3.6 amp version and a 25 amp version

Safety tow rod

2-piece steel rod with patented connector and cotter pin. For trailer couplings and towing eyes. Approved for vehicles with a gross vehicle weight of up to 3.2 t

Concertina bags *for EASY-PACK load-securing kit (Code 942)*

Two bags made from robust, washable nylon, attached to a sturdy aluminium frame. The frames are simply slotted into the load system strips in either side of the load compartment floor. Each bag features two large stowage compartments and has two straps, making it easy to remove and carry | available for Estate |

A | Once attached, the bags are simply opened out concertina-style

B | The two bags are fitted opposite one another and feature Velcro fastenings which allow them to be joined in the centre

Fluorescent jacket

Already compulsory in many countries, the bright orange and yellow fluorescent jackets with reflective stripes are conspicuous even in the dark. Available individually or as a pack of two

Box of replacement bulbs

The box of replacement bulbs ensures that you always have the right bulbs at hand for your E-Class. So if one of the bulbs fails or you're driving in one of the many countries where daytime driving lights are compulsory, you're well prepared

Non-slip mat

black | Non-slip mat made from oil and acid-resistant polyester. Designed to fit the contours of the boot/load compartment

Reversible mat

The reversible mat has a high-quality velour side and a non-slip side. It helps keep the original floor of the boot/load compartment clean | available in black |

Luggage-securing feature

Ingenious solution to the problem of luggage sliding around in the boot/load compartment. Attaches securely around the object in question thanks to Velcro fastening

A word of advice: because of differences in national regulations, various different versions of each vehicle exist. Please also bear in mind that vehicle development is permanently ongoing. As a result, not all of the wheel/tyre combinations shown in this brochure will be approved for your particular Mercedes-Benz. Your Mercedes-Benz dealer, however, has access to constantly updated information on every Mercedes-Benz wheel, including the relevant technical inspection findings and licensing conditions, and will be happy to advise you

With low-profile tyres, the tyres, wheels and parts of the suspension are subject to higher loads and are generally, therefore, more susceptible to damage, e.g. from uneven road surfaces

November 2009

Please note: changes may have been made to the products since this brochure went to press (31.10.2009). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure has been compiled by Daimler AG of Germany and is distributed internationally. It provides a general indication of the range of models, features, optional extras and/or colours available in various countries. Some of the models, features, optional extras and/or colours may not be available in your country or may only be available in a different specification. Additionally some models, features, optional extras and/or colours may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras and/or colours available in your country, and their pricing, you should contact your nearest authorised Mercedes-Benz Passenger Car Dealer.
